# SUBJECT INDEX

## A

### ABX

- discrimination task
- of speech studies, 249

### Ache

- of Paraguay
- ecology/ethnography of, 228

### Acheulian

- tool industries, 33

### Acoustic-phonetic issues

- in speech perception
- infant speech perception, 266-69
- introduction, 247-48
- old basic phenomena, 248-53
- possible mechanisms of, 257-66
- recent influential phenomena, 253-57

### Acquired similarity

- of phonetic distinctions
- in acoustic-phonetic issues, 266

### Adaptation

- basic human
- in foragers, 46
- defined
- in Amazon ecology, 67

### Adoption

- as emotional meaning
- to children, 426

### Affect

- linguistic expression of
- as language socialization, 179

### African languages

- historical classification of, 5

### Afro-American

- male speech play
- as folklore studies, 443

### Agrarian kingdoms

- and Southeast Asian state formation, 289

- migrant labor
- of Mexico-United States, 346
- origin of
- in Arabian prehistory, 466
- in demographic anthropology, 233

- spread of
- throughout Europe, 235

### Agroecosystems

- as carbohydrate source
- in Amazon ecology, 77-78

### Agroforestry

- as ancient practice
- in Amazonia, 77

### Akuriyo

- as foraging society
- in Amazonecology, 74-75

### Alliances

- social
- Southeastern U.S. archaeology, 375

### Alloparenting

- as aunt behavior
- in neotropical primates, 134

### *Alouatta palliata*

- on mainland Panama
- female role of, 125

### Altitude

- as vertical gradient
- in forest ecosystem, 70

### Aluminum toxicity

- in soil
- in Amazonia, 69

### Alveolars

- burst information of
- in acoustic-phonetic issues, 263

### Amazon ecology

- change, 81-82
- cultural system, 73-81
- ecosystem, 68-73
- introduction, 67-68
- research trends, 83-84

### Amazonia

- as an ecosystem, 68

### American Indian languages

- by Boas, 3

### American linguistics

- descriptive procedures of, 14

### American Rom

- nomadism of
- during World War II, 310

### American Structural School

- as linguistic approach, 6

### American structuralism

- compared with Prague approach
- in linguistic anthropology, 13

### Amplitudes

- of formants
- in acoustic-phonetic issues, 263

### Anatomical studies

- of paleolithic archeology
- of Neandertals, 194

### Anger

- metaphors for
- in emotion study, 419

### Angkors

- founding of
- in 802 A.D., 282

### Anglo families

- interactions in
- as language socialization, 177

### Animal

- symptoms of
- in human emotion, 409

### Animal analogies

- to human behavior
- reservations about, 45

### Animal protein

- accessibility of
- in Amazon ecosystem, 76

### Animal protein hypothesis

- of human ecology
- in Amazonia, 67

### Annual cycle

- and Southeastern U.S. archaeology, 381

### Anthropometry

- data collection of, 32

### Apache

- in folklore studies, 449

### Aphasia

- implicational hierarchy
- of structural linguistics, 12

### Appalachian Mountains

- and Southeastern U.S. archaeological research, 364

### Arabia

- civilization legend
- map, 479
- prehistoric
- chronological frame, 467-71
- conclusion, 478-80
- delayed development, 464-67
